# STOCK EQUIPMENT

WARE Offers New/Used Equipment In Stock

## BOILER INFORMATION-

Manufacturer Kewanee  
Year 1995  
Type Saturated Steam  
Capacity 200 HP / 6,900 PPH  
Pressure 325 PSI  
Burner N/A

## CONNECTION SIZES-

Main Steam 4" 300# Flanged  
Natural Gas 2-1/2" NPT  
#2 Oil N/A  
Feedwater 2" NPT  
Bottom Blowdown 1-1/2" NPT  
Continuous Blowdown

## FUEL CONSUMPTION-

Natural Gas 8,370 SCFH  
#2 Oil N/A

## CONTROLS-

Fireye

## ELECTRICAL POWER REQUIREMENTS-

480V, 3 Ph, 60 Hz

## EMISSIONS DATA-

NOx .2# / mmBtu (typical)  
SO2 0# / mmBtu (typical)  
CO .15 #/mmBtu (typical)  
PM

## BOILER OVERALL DIMENSIONS & WEIGHT-

Length/Width/Height 195" / 87" / 81"  
Shipping Weight 10,500 lbs  
Operating Weight

## ADDITIONAL INFORMATION-

SB-148  
Model: H3S-200-Ohio-G

Firetube Boiler, 3-Pass, Wet back, 200 BHP, 325 psig design pressure. ASME Section I shell. Can be fully reconditioned, painted original factory colors, and would include: feedwater gate & check valves, blowdown valves, relief valves, & 1st/2nd LWCO (all piped & mounted). Meets UL/CSD-1, IRI standards

The boiler is offered with a one (1) year parts and motors warranty (less labor) and the pressure vessel is guaranteed to pass an ASME inspection.
