

To all Boiler University Attendees:

First, I wanted to thank you for your attendance at the Boiler University Class. We hope to give you a great experience and that you gain knowledge you can take back to your own companies and facilities.

The purpose of this attachment is to explain our complementary parking at the WARE Boiler University Training Center. We have two parking places.

The first place to park is at the Boiler University Training Center at 4200 Produce Rd. You can park in the parking spaces in the area that is shaded as red curved line. It is about 20-25 spots. I have two pictures of this lot, one as an aerial view and one as a picture coming from the road. There will be barriers in the parking lot showing what sides of the lot are available.

Boiler University - Aerial View

Continued on next page

This picture shows the front of Boiler University. Our parking lot is on the right side of the red line extending around to the right side of our facility.

If the Boiler University Lot gets completely full, the second place to park is a lot at 4829 Jennings Ln, Louisville, KY 40218 - Barnett Pro Center. There are two separate lots you can park at. Park **in between** the two red lines where the arrow is pointing. Again, both places are **FREE**. If you must park at Barnett Pro Center, we will do our best to shuttle you from that lot next door back to WARE Boiler U Facility.

Barnett Pro Center Parking

If you have any questions you can E-mail me back or call @ 502-968-2211.

Thanks again for your registration!
